## PROFILE

Lighting is the pivotal factor in creating the perfect ambience for any setting. By influencing and controlling different types of lighting, the mood of a room can change from calm and romantic to energising and vibrant.

At Million Lighting, we stretch the possibilities of lighting to a different level. By combining creativity and technology, we introduce cutting-edge customised lighting designs that raise lighting to a true art form while never compromising function. By doing so, we have created a wide spectrum of diverse ambiances for the region's most high-profile institutions and corporations, award-winning hotels, world-renowned entertainment and leisure parks, as well as private residences.

As a pioneer of the lighting industry in Singapore, Million Lighting brings to the table four decades of illuminating trends and innovations. Being one of Singapore's leading lighting companies, Million Lighting has distinguished

itself as a provider of high-quality, innovative holistic lighting solutions, for discerning developers, architects and interior designers.

At Million Lighting, we understand the power of lighting in influencing mood, textures and overall well-being. The concept of space and influencing spatial perceptions form the basis of our creations. We take pride in providing a comprehensive suite of services, from retail and distribution, to decorative lighting customisation and technical support. Our team of lighting designers, engineers and product specialists brings in-depth knowledge and vast experience to every project as well as steadfast commitment to quality, innovative design, technical excellence and dedicated after-sales support.

Bearing testimony to our accomplishments is an extensive portfolio of high-profile projects undertaken locally and internationally, spanning exterior work on facades and landscaping, as well as interior work for residential, commercial and mixed-use properties.

# COMPETITIVE ADVANTAGE

A 5-pronged approach underscores our comprehensive services to ensure that our lighting solutions meet client expectations. The team is well-placed to work alongside architects and interior designers to define lighting solutions that deliver from the onset. In addition, we deploy our technical team onsite, locally or overseas, to review site requirements and resolve installation issues if the need arises.

## INTEGRATION

From architectural meshes to customising fixture housings to innovative cable routing, we provide lighting solutions that blend seamlessly with any design.

## CONTROL SOLUTIONS

Different projects have different lighting needs. Our team of professionals will advise you on control solutions ranging from simple dimming with colour changes to video-like effects, offering a flexibility that enables us to meet almost any lighting effect requirement.

## CUSTOMISATION

From lighting fixtures to complex decorative and architectural lighting schemes, we provide custom design and manufacturing for individual projects upon request.

## SCALABILITY

Coordinated lighting effects on building facades or spanning across interiors that cover extremely large spaces, our customised solutions have been well-received.

## APPROACHABILITY

Our involvement can take any shape, at any stage of your project

# MANUFACTURING FACILITY & RESOURCE NETWORKS

Manufacturing is conducted at our well-equipped facility in China, where fabrication is carried out to the exacting standards and precision demanded by our in-house quality control teams.

Over the years, we have also established a wide resource network across the global arena to provide a complete range of materials and fittings.

# LEADERSHIP

## Edwin Chua

---

### Chief Executive Officer

A graduate of Boston University, USA with a degree in Business Administration, Edwin has more than 20 years of experience in the lighting industry. Having always taken an active interest in the business, he joined Million in 1995. Displaying a sharp mind, good business acumen and technical understanding, he helms all aspects of the business, from project management to retail, manufacturing and finances.

## Nana Au-Chua

---

### Chief Operating Officer

A graduate of Boston University, USA with a degree in Biology and Business Administration, Nana worked as a banker with Hong Leong Finance and Bank of America before joining her husband, Edwin, at Million in 1999. Responsible for business development in Singapore and the region, she has been instrumental in realising Million's potential to meet the lighting needs of contemporary architects, whose styles veer towards sleek simplicity. Her ability to forge strong client relationships and identify emerging trends has helped cement Million's position as a relevant force in the industry.

## Jack Ong

---

### General Manager

With over 10 years of experience in the lighting industry, Jack has brought not only his expertise and competence to the table but also his unparalleled dedication. Being at the helm of the entire operations overseeing production, logistics and procurement, he has never ceased to spur new developments and implement processes that have contributed to the growth of Million over the years. Moreover, he is still involved in project management and has piloted some of our key projects.

**“A room is like a stage.  
If you see it without lighting,  
it can be the coldest place  
in the world.”**

*Paul Lynde*
